

## SINGLE & DOUBLE STEP SEATS

**Model # 318024**  
(Model# 212006 padded seat included)

**Model # 318025**  
(Model# 212006 padded seat included)

**Model # 318028**  
Padded seats are available, see page 7-4.

**Model # 318029**  
Padded seats are available, see page 7-4.

- PTI's new **Single Step Seat and Double Step Seat** are constructed of a light weight rugged copolymer, impervious to dirt, oils, and chemicals.
- The seats are equipped with 4 rubber bumpers on the bottom to decrease the risk of sliding.
- Hand hole allows for quick and easy transportation and relocation of the seat.
- Additional color options and accessories available upon request (additional charges may apply)
- Non-slip safety walk on the top of the **Single Step Seat** provides excellent traction.
- Two 9 1/2" x 12" openings allow for easy access to any items stored within the seat.
- Can safely hold max capacity 300 lbs. Rated per ANSI A-14.5-2000, paragraph 8.5.3
- The **Double Step Seat** offers 3 openings to easily place items inside with 1 larger opening to accommodate larger items.
- Non-slip safety walk is placed on both levels.
- The back section is isolated from the front step by a divider.
