

PLASTIC TECHNIQUES, INC.

LARGE CANVAS SPLICER'S BAG

OUR BIGGEST, MOST VERSATILE BAG YET!
The ultimate in a portable tool bag!

This heavy duty, **30 pocket** SPLICER'S BAG is constructed of #4 canvas with a molded bottom, will hold more of your tools! We believe this is the best Splicer's Bag on the Market today! Why not give us a call and find out for yourself.

- 17 generous inside pockets, yet the bag is wide enough to carry meters and boxes of connectors and still allow you to access your tools easily
- 13 outside pockets
- Two sturdy web handles
- PTI's standard molded bottom is impervious to moisture and prevents the bottom from collapsing leaving complete visibility of all of your tools
- Two large brass grommets allow for the bag to hang off an aerial lift basket with bucket hooks
- Recommended Model# ABH Hooks will allow you to hang the bag inside or outside of your bucket

Bucket Hooks are sold separately.

Model #310041 with tools.
Using Web Handles.
(tools not included)
